

Analogue Level and Temperature Measurement

Technical data:

- Combination of level and temperature control selectable
- Wide range of electrical connections and mountings
- Resolution as from 2,5 mm upwards
- Sliding tube made of brass, stainless steel or plastics with a diameter of 8 mm or 12 mm
- Analog output signal, options 4-20 mA or 0-10 V for level and temperature

Application:

E.g. hydraulic machinery, mechanical engineering, liquid management ...
